

# GENERAL PROCUREMENT NOTICE (GPN)

<b>COUNTRY</b>	<b>REPUBLIC OF KENYA</b>
<b>NAME OF PROJECT</b>	<b>Horn of Africa Gateway Development Project (HoAGDP)</b>
<b>SECTOR</b>	<b>Transport Sector</b>
<b>PROJECT ID NO</b>	<b>P161305</b>

- The Republic of Kenya has received financing from the International Development Association (IDA) of the World Bank Group toward the cost of the Horn of Africa Gateway Development Project (HoAGDP). It intends to apply part of the proceeds to payments for goods, works, related services, and consulting services to be procured under this project. The Project Development Objectives are to improve: (a) the movement of people and goods and digital connectivity and access to social services to communities at designated locations along the targeted sections of the Isiolo-Mandera Regional Road Corridor; and (b) the capacity of selected transport related institutions in Kenya.
- The Horn of Africa Gateway Development Project is a flagship regional initiative aimed at improving regional connectivity between Kenya and its neighboring countries—particularly Ethiopia and Somalia. It seeks to enhance mobility, trade facilitation and economic integration across the North Eastern region of Kenya by investing in border infrastructure, and related logistics support systems. The project also seeks to facilitate cross-border movement of goods and people, reduce transportation costs, and unlock economic opportunities for marginalized areas.
- A General Procurement Notice (GPN) was published in United Nations Development Business (UNDB) and on the Bank's external website on February 14, 2017. Both the initial GPN and the Project Procurement Strategy for Development (PPSD) are being updated as necessary to reflect current market conditions, changes in contract packaging, and revised cost estimates. The Kenya National Highways Authority, as one of the project's implementing agencies, is in the process of updating the GPN to include activities that were not explicitly detailed in the original notice published on February 14, 2017. The update is as follows and excludes activities whose procurement has been concluded.
- Procurement activities under Component A: **Improving Movement of People, Goods, and Digital Connectivity** will include the following:
  - Design and Build of Civil works associated with installation of a fiber optic cable along the Elwak - Mandera Road.
- Procurement activities under Component B: Facilitation of Regional Trade and Transport will include the following:
  - Design and Build of Bridges and Access Roads: Construction of bridges, bridge approach roads, and access road infrastructure at Rhamu and Mandera.
  - Development of Trade Facilitation Infrastructure: Construction of Trade Facilitation Centers, One-Stop Border Posts (OSBPs), and Kenya Revenue Authority (KRA) staff accommodation units at Rhamu and Mandera.
  - Design and Build of Virtual Weighbridges: Construction of virtual weighbridge stations at 3 proposed sites along Isiolo – Mandera Road Corridor.
  - Design and Build of Static Axle Load Control Stations (ALCS): Establishment of static ALCS at 3 proposed sites along Isiolo – Mandera Road Corridor.
- Procurement of contracts for Goods, Works, Non-Consulting and Consulting Services, under Investment Project Financing (IPF) financed by the World Bank, will be conducted in accordance with the World Bank's **"Procurement Regulations for IPF Borrowers – September 2023 (5th Edition)**, and is open to all eligible bidders as defined in the Regulations.
- Specific Procurement Notices (SPNs) for contracts to be procured under the project will be published, as they become available, on the World Bank's external website, and in local newspapers of wide circulation.
- Interested eligible firms and individuals who wish to be considered for the provision of goods, works, non-consulting services and consulting services for the above-mentioned project, or those requiring additional information, should contact the address below:
